

**Do you know what risks
your suppliers present?**

**FoodChain Europe,
has launched Minerva
Risk Management an
e-Tool to manage and
assess suppliers'
Compliance , in
response to demands
from major brands.**

Online Supplier Risk Management

Leading food producers are now adopting FoodChain Europe's ground breaking on-line programme.

Which validates and integrates non-GMO integrity, Kosher and Halal certification and allergen information in one place. Minerva enables food producers to ensure that the ingredient sources have effective quality systems with appropriate certification, as well as adequate testing, segregation and traceability.
